

HUNZA EXPORTS

Passion For Apparels

About us

Hunza Exports is a private limited company situated in Karachi, Pakistan since 1990. We are one of the major exporters of woven garments to U.S.A., E.U., and Middle East.

The equipment employed for the production is one of the best available in the Industry. The personnel working on this equipment are second to none either. This combination provides us a competitive advantage to produce some of the finest garments for the most conscious customers.

Hunza Exports fully understands the Social issues relating to its business and follows all rules and regulations whether advise by the Local Government or by the Customers.

Design

We work with a small but creative designer team in Karachi. The team is responsible to create new designs for meetings and presentation to high street stores and multi-door retailers every month.

Manufacture

Our products range from Light-Weight denim shirts to 14onz denim jacket, from denim shorts to jeans we believe in quality of the produce regardless of the MOQs. We have a composite unit including dyeing and washing facilities. we believe in producing garment with sustainability and eco friendly all the compliances are carried out strictly in our factory.

Quality

With us, setting high standards of quality is not only an objective, but part of our corporate philosophy, that is why we begin by selecting the best cotton yarn and maintain a consistent quality throughout.

PRODUCTION LINE:

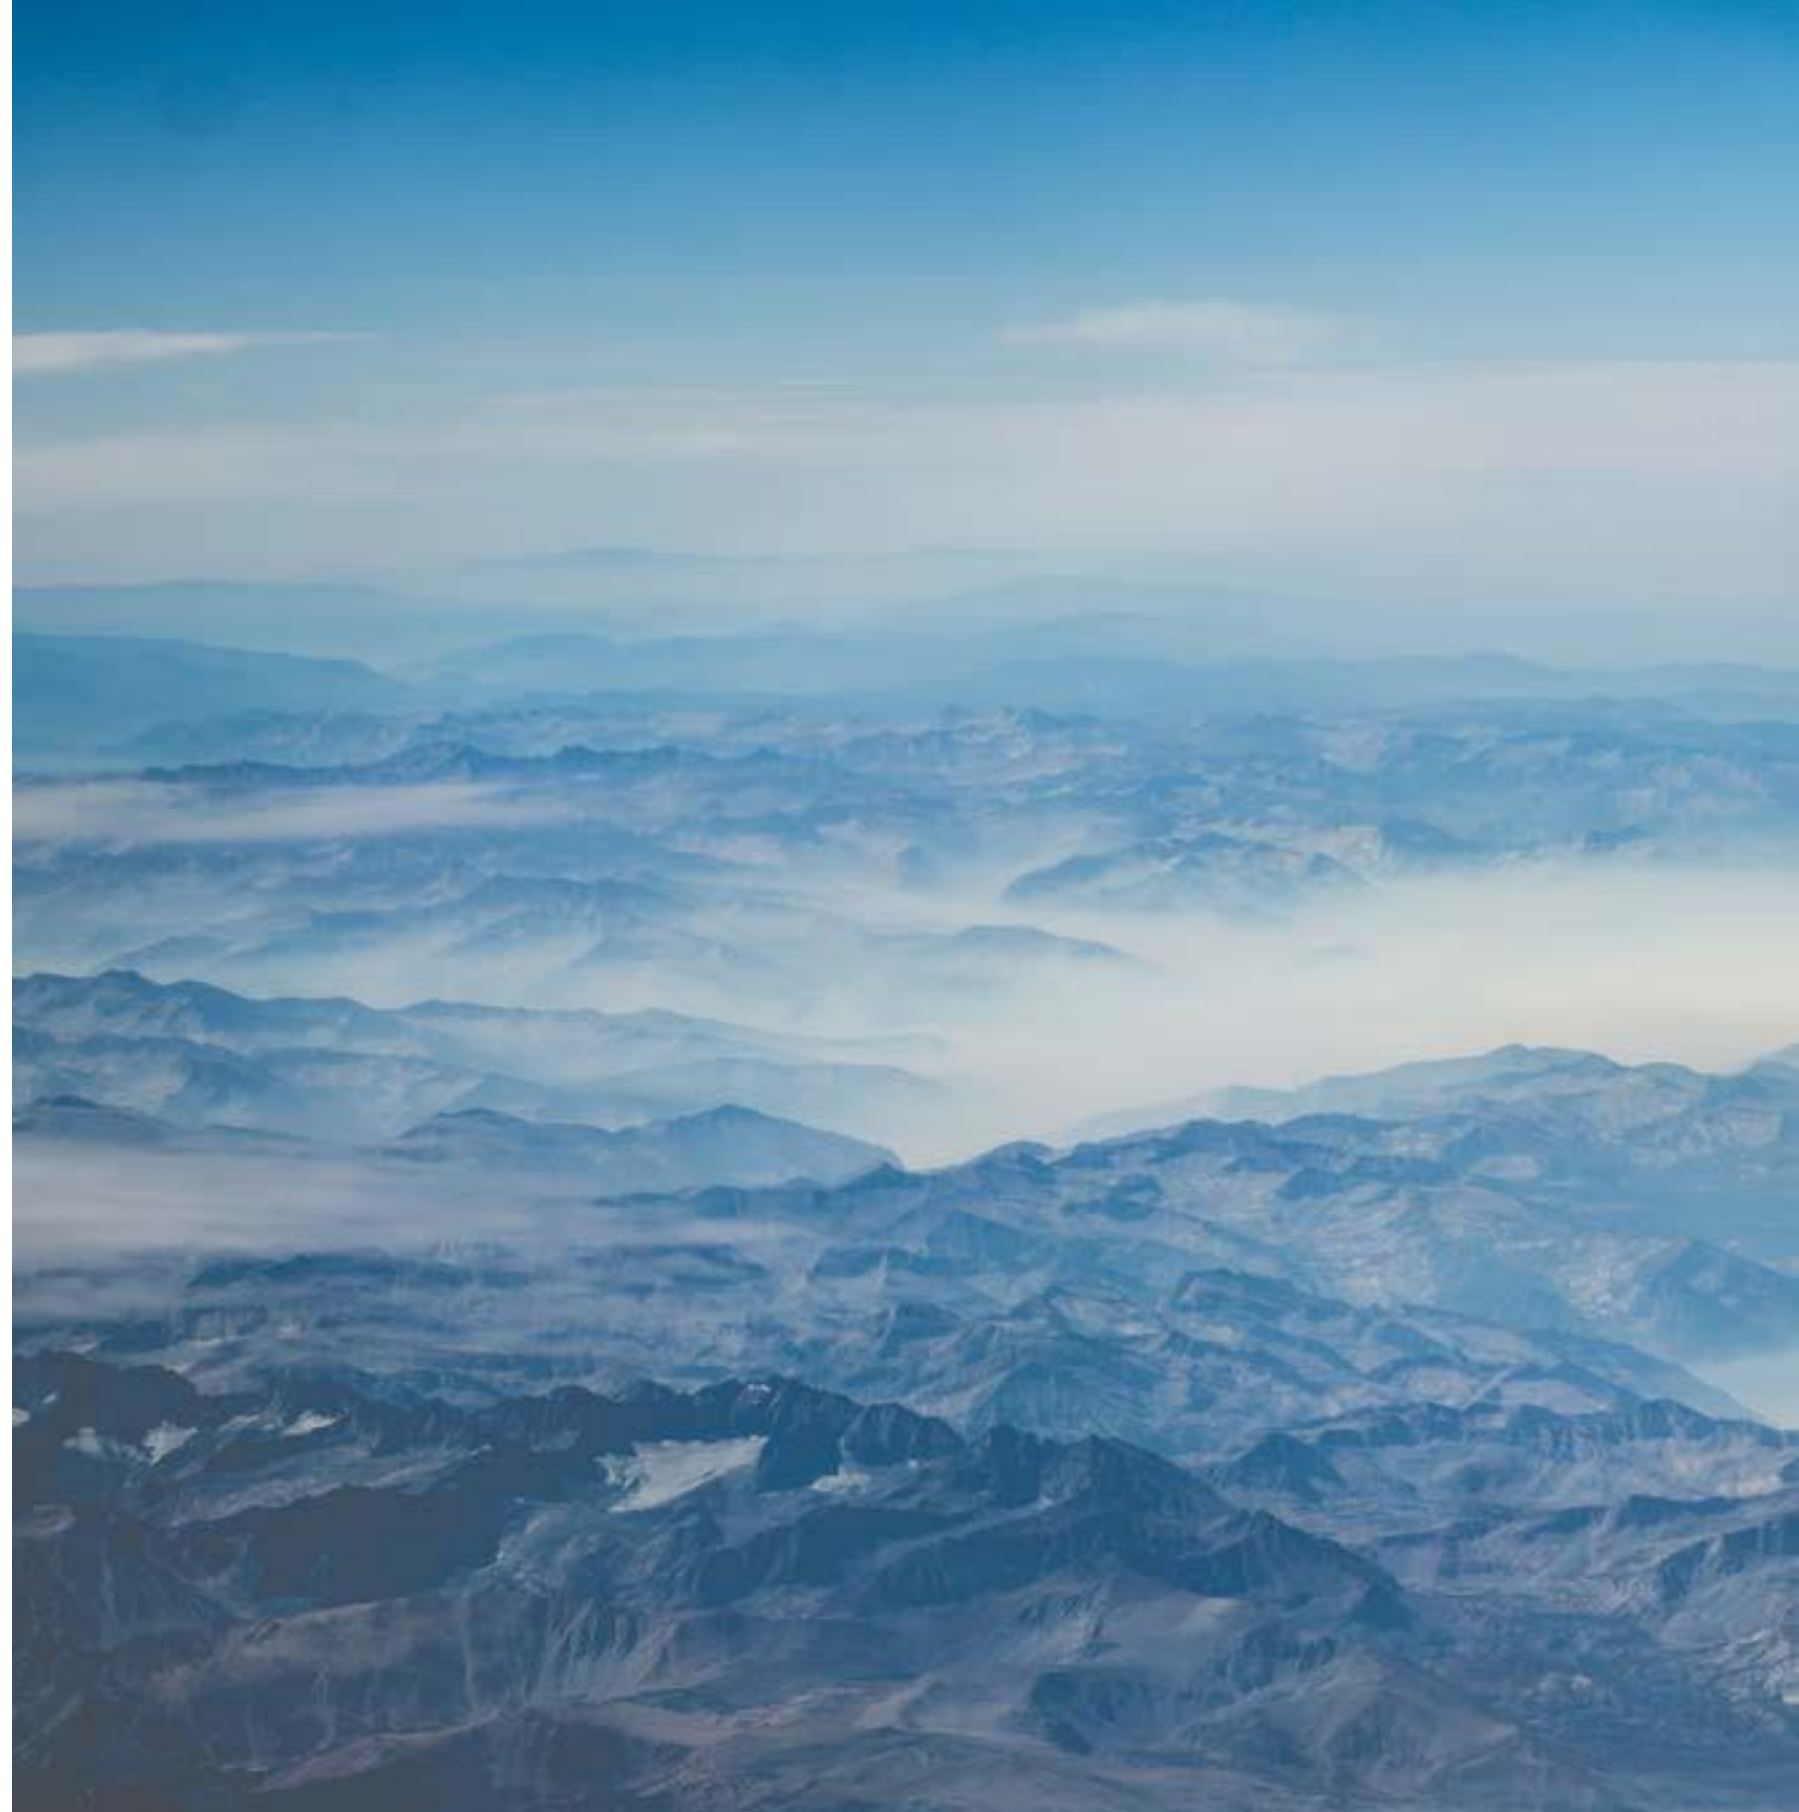

05 Lines for woven garment with 200 state of art Machines
Average production capacity of woven unit is 100,000 basics
and Cargos 50,000 pieces per month.
